Dear Hiring Manager,

Hope you're doing well.

I am excited to be applying for Graphic Designer position at Deriv. I believe my skills provide a significant advantage for creating an even more successful environment.

I currently work as a Creative Designer & Animator in a leading Advertising Agency located in Dubai. Started as an Animator/Graphic Designer at the company, I have worked up to the senior level as an Animator/Creative designer. Saving time and production value of the company by being super organized and managing time to complete the projects with quality output.

My ongoing responsibilities are to create social contents, story boarding, videography, 3D artworks, creating banners, HTML Ads, B2B contents graphics and Front-end development for global brands like Fiji Water, SAP, Philips, Rockit apples, Wonderful pistachios and more.

I am eager to converse more about my qualifications and skills. Please find the attached resume and visit my portfolio at www.saikir.info. Feel free to contact me for an interview at any time.

Thank you for your time and consideration.

Kind regards,
Sai Kiran.
